

A Nurturing Schools Approach at Carntall P.S.

What is Nurture?

'To Nurture is to care and protect someone or something while they are growing'

What does a Nurturing school mean?

A Nurturing school is a place where pupils benefit from an approach that supports children and young people with their specific needs, while delivering teaching and learning in a way that all can access.

Nurturing approaches are increasingly being introduced across primary, secondary and early learning and child care (ELC) settings. And research clearly demonstrates the impact that Nurture can have on attainment as well as social and emotional competences.

At the heart of Nurture is a focus on well-being and relationships and a drive to support the growth and development of children and young people, A Nurturing approach has been promoted as a key approach to supporting behaviour, wellbeing, attainment and achievement in many schools and we are proud to adopt these approaches in Carntall.
